Wilderness First Aid

ASHI's Wilderness First Aid program is designed to meet or exceed the Boy Scouts of America *Wilderness First Aid Curriculum and Doctrine Guidelines, 2017 Edition*. This comprehensive program prepares camp counselors, trail guides and other outdoor enthusiasts how to respond with effective emergency care in the unique situations that wilderness environments create.

Course highlights

- Designed for individuals who are not healthcare providers or professional rescuers but desire or are required to be certified in wilderness first aid knowledge and skills
- Comprehensive student book and clear, concise course content
- 2-year certification
- 16-hour class with emphasis on hands-on skills and scenario practices
- Musculoskeletal Injuries
- Extended Injury Management
- Poisoning
- Heat and Cold Emergencies
- Bites and Stings
- Submersion (Drowning)
- Lightning Strikes
- Altitude Illnesses
